

Product Features

- The space saving wall mounted, vertical, fold-down baby changing unit fits where wall space is limited.
- The vertical unit opens up into the room rather than along the wall, making it the ideal space saver for disabled areas.
- Manufactured from ABS that resists the growth of bacteria for a hygienic surface that the baby is placed on.
- Heavy duty gas strut for smooth opening and closing.
- Ultra safe, slimline design that takes up little space with no sharp edges or corners.
- Complies to global safety standards and the safety belt is adjustable for fitting around the exact shape of the child or infant being changed.
- Comply with the EN 12221 standards and units tested in our own laboratories have withstood loads over 50 kgs.

Technical Specification

Dimensions:
 Open:940*585*495mm
 Closed:940*585*104mm

Material: Stainless steel
 Unit Net Weight:22Kgs
 Recommended installation:800 mm at lowest point
