

Standard Color:White,Silver,Black

Product Features

- Made from durable ABS for easy installation and superior vandal resistance. Features excellent build quality and robust protection against damage.
- Equipped with advanced water-blasting technology, the upgraded motor delivers extremely impressive world-class airflow speeds of up to 150 m/s.
- Fitted with an anti bacterial HEPA filter to ensure the air used to dry users hands is as clean and hygienic as possible.
- All operating systems are integrated within the panel for easy maintenance.
- Super smart, its ECO Air Sensor will detect the ambient temperature of your washroom, then automatically adjust the airflow temperature to keep running costs right down.
- Equipped with a green/blue front indicator light which consequently provides a visible indication of operation.
- An intelligent heating system will detect the ambient temperature of your washroom, automatically adjust the airflow temperature to keep running costs right down. Automatically adds heat to the airflow if it senses a room temperature drop below 25°C.

Technical Specification

Body Material	ABS
Voltage	220-240V
Frequency	50/60Hz
Total Power	1300W
Motor Power	900W
RPM	30000
Electrical Isolation	Class II
Current	6.0A
Air Speed	150m/s
Dimensions (mm) W x H x D	234x384x142
Cover thickness	3mm
Air Temperature (10 cm distance/21°C)	50°C
Net Weight	3.7kgs
Noise Level In Db(at 2m)	72
Water Splash Proof	IPX1
Auto Cutoff	60s
